

“ Isaiah 22:22 I will place on his shoulder the key to the house of David; what he opens no one can shut, and what he shuts no one can open

HOUSE OF DAVID MODEL

All Houses of David have common characteristics:

- The House must be run democratically.
- The House must be financially self-supporting.
- The House must immediately expel any member who relapses with a referral to return back to Phase 1 facility Faith Based Christian Home

Not going back to where a recovering addict came from may be the single most important reason for the House of David success story
